week-12-post-lecture

Week 12 - Learning Materials and Activities
Post Lecture/Lectorial

Discuss

In deepening your understanding and to challenge ideas you will have to put into practice, you are encouraged to take the time and effort to enter into discussions here regarding the week's topic.

Go now to the weekly focus question, enter question text here

Reflect

Reflect on your learning, look over your notes and then join in the weekly discussion on what big data is and why big data is importnat.

Muddiest Point

Was there anything you didn't understand or would like to clarify from this week's class? Complete the muddiest point activity below, this is helpful as I will be able to add any help you may still need to the Canvas pages based on your feedback.

End of Teaching Period
